Telephone	+38978487041

## BACKGROUND AND EXPERIENCE

Located in the municipality of Karposh in the capital city of Skopje, North Macedonia and built in 1972, "Petar Pop Arsov" OOU provides a quality learning environment that challenges students to achieve their personal best and develop a positive vision for their future. The current school roll is 710 students in grades one through nine (ages 6 - 15) and has a diverse, multicultural roster in a friendly environment. Students are encouraged to participate in various educational activities offered such as sports, drama, music, art, languages etc. as well as various competitions. The school staff, which includes about 60 teachers and administration, provides a wide variety of programs under the State Education Program. The teachers and administration are committed to helping each individual student as well as students with disabilities. The teachers from our school continuously attend various conferences, seminars, workshops and projects for greater achievements and to improve their educational teaching skills. The school aims to provide the best possible education for students. Since the future of our society depends on investing in children's education and improving the teaching staff, our school is involved in various projects that are in cooperation with USAID, UNICEF and ERASMUS +. Innovation Fund, Scientix, etc. We have already implemented KA101 projects, where teachers are trained to apply creative methods using ICT in the teaching process and work with students with disabilities. It also has many completed and ongoing projects KA229 as well as KA201. A major contribution to our professional development is the eTwinning platform, where many teachers work together with their students on projects on various topics. For our teachers and students, each new project arouses interest in its realization and implementation in the teaching process. The key people - teachers involved in the projects received national and European quality ratings. Thanks to the enthusiasm, commitment and ambition of our teachers, we have become an eTwinning school.

## ACCREDITATION

ACCREDITATION			<i>If yes, fill out the table below. If no, go to next page,</i>
Has the partner organization participated in a European Union granted project in the 3 years preceding this application?
